

A Workshop For Educators: Improving Mathematical Problem Solving in Grades 4-8

FREE TO ATTEND!

November 6 • 9:30AM- 3:45PM • Galt House Hotel, Louisville, KY

Teachers, principals, curriculum coaches, and other school leaders are invited to join us as we share research-based evidence on strengthening math instruction—especially in problem solving—in the Common Core era.

Highlights:

- Keynote by Felicia Cumings-Smith, Associate Commissioner of Education for Kentucky
- Breakout sessions/small groups to help you explore the research
- Networking opportunities
- Lunch will be provided by our partners at the Kentucky Association of School Administrators
